

Centra HS Web Guides

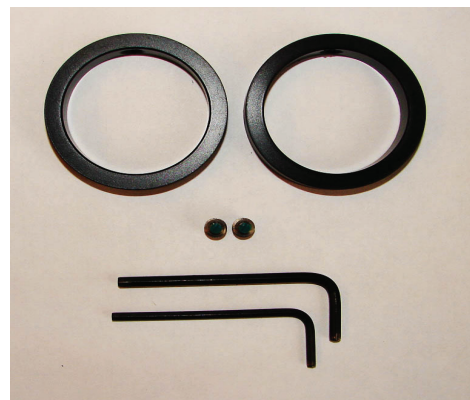

Installation Instructions

Last Updated: 11/17/14

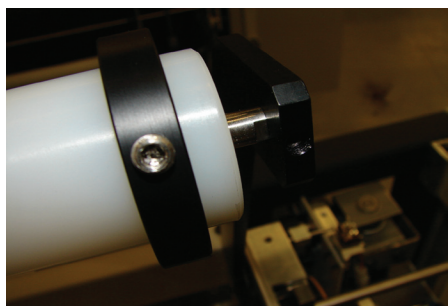

Parts included in kit:

Qty	P/N	Description
2	CP-00-11-130	GUIDE COLLAR, CP ADD-ON
3	HS-445	SCREW, SET 1/4-20 x 3/16 HEXNYL
1	H21-026	HEX WRENCH, 2.5MM
1	H21-035	HEX WRENCH, 1/8"

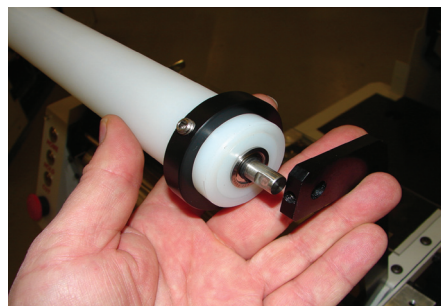

NOTE: The HS-445 set screws have a nylon tip. DO NOT over tighten.

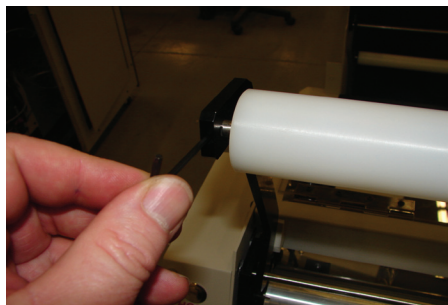

1) Raise the infeed dancer arm and locate the infeed dancer bar set screws. Loosen using 2.5mm Allen Wrench.

2) Slide dancer bar to left to disengage from arms. Slide both infeed guides onto the white dancer roller.

3) Reinsert the axle to the dancer arm, making sure that you align the flat on the shaft with the set screws.

4) Center the web guide collars to your centering guides
